Concise yet thorough guidance on how to safely and competently care for adult, critically ill patients and their families Endorsed by the American Association of Critical-Care Nurses (AACN) and written by top clinical experts in critical care nursing, this textbook covers all the must-know details on the care of adult, critically ill patients and their families. Supported by helpful tables and algorithms, the book's practical, building-block organization starts with the basics before proceeding to more complex concepts. AACN Essentials of Critical Care Nursing includes essential content found in ECCO (Essentials of Critical Care Orientation, an online program offered by AACN), key information necessary to successfully prepare for CCRN certification in critical care nursing, and much more. AACN Essentials of Critical Care Nursing is divided into four sections: THE ESSENTIALS -- presents core information that new clinicians must understand to provide safe, competent nursing care to all critically ill patients, regardless of their underlying medical diagnoses PATHOLOGICAL CONDITIONS -- covers pathologic conditions and management strategies commonly encountered among adult critical care patients ADVANCED CONCEPTS IN CARING FOR THE CRITICALLY ILL PATIENT -- moves beyond the essentials and presents advanced critical care concepts or pathologic conditions that are less common or more specialized than expected in critical care practice KEY REFERENCE INFORMATION -- features normal laboratory and diagnostic values, algorithms for advanced cardiac life support, troubleshooting guides for hemodynamic monitoring, summary tables of critical care drugs, and cardiac rhythms and treatment guides Learning aids include Knowledge Competencies that can be used to gauge progress and "Essential Content" case studies with questions and answers to further reinforce your knowledge.

Concise yet thorough guidance on how to safely and competently care for adult, critically ill patients and their families A Doody's Core Title for 2017! Endorsed by the American Association of Critical-Care Nurses (AACN) and written by top clinical experts in critical care nursing, this textbook covers all the must-know details on the care of adult, critically ill patients and their families. Supported by helpful tables and algorithms, the book's practical, building-block organization starts with the basics before proceeding to more complex concepts. AACN Essentials of Critical Care Nursing includes essential content found in ECCO (Essentials of Critical Care Orientation, an online program offered by AACN), key information necessary to successfully prepare for CCRN certification in critical care nursing, and much more. AACN Essentials of Critical Care Nursing is divided into four sections: THE ESSENTIALS -- presents core information that new clinicians must understand to provide safe, competent nursing care to all critically ill patients, regardless of their underlying medical diagnoses PATHOLOGICAL CONDITIONS -- covers pathologic conditions and management strategies commonly encountered among adult critical care patients ADVANCED CONCEPTS IN CARING FOR THE CRITICALLY ILL PATIENT -- moves beyond the essentials and presents advanced critical care concepts or pathologic conditions that are less common or more specialized than expected in critical care practice KEY REFERENCE INFORMATION -- features normal laboratory and diagnostic values, algorithms for advanced cardiac life support, troubleshooting guides for hemodynamic monitoring, summary tables of critical care drugs, and cardiac rhythms and treatment guides Learning aids include Knowledge Competencies that can be used to gauge progress and "Essential Content" case studies with questions and answers to further reinforce your knowledge.

The authoritative, evidence-based coverage you need to safely and competently care for adult, critically ill patients and their families – or prepare for the critical care nursing certification exam Endorsed by the American Association of Critical-Care Nurses and written by top clinical experts in acute care nursing, this textbook thoroughly covers all the need-to-know details on the care of adult, critically ill patients and their families. Supported by helpful tables and algorithms, the book's practical, building-block organization starts with the basics before proceeding to more complex concepts, paralleling the blueprint for the critical care nursing CCRN certification examination. AACN Essentials of Critical Care Nursing is divided into four logical sections, which, taken as a whole, will give you complete understanding of this challenging area of nursing practice: The Essentials – provides fundamental information that new clinicians must understand to provide safe, competent nursing care to all critically ill patients, regardless of their underlying medical diagnosis. Pathological Conditions – covers pathologic conditions and management strategies commonly encountered in all adult critical care units. Advanced Concepts in Caring for the Critically Ill Patient – presents advanced critical care concepts or pathologic conditions that are less common or more specialized than those generally found in adult critical care units. Key Reference Information – includes reference information that you will find helpful in a clinical environment, such as normal laboratory and diagnostic values, algorithms for advanced cardiac life support, and summary tables of critical care drugs and cardiac rhythms Each chapter begins with Knowledge Competencies that can be used to gauge your progress. This edition is compatible with ECCO (Essentials of Critical Care Orientation), the online program offered by the American Association of Critical-Care Nurses.

This book helps adult nursing students to competently manage care of critically and acutely ill patients, and to recognize and deal with the early signs of deterioration. The book takes a practical real-life approach to care, with each chapter focusing on patients with specific problems, then interweaving the knowledge and skills needed to care for that patient. New to this edition: · two new chapters focusing on the renal system and endocrine system · updates to include the latest evidence and guidelines from NICE · refreshed activities and scenarios reflecting current nursing practice.

You're probably thinking this is just another typical study guide. Because we know your time is limited, we've created a resource that isn't like most study guides. With Trivium Test Prep's unofficial CCRN Review Book 2019-2020: CCRN Exam Prep Study Guide and Practice Test Questions for the Critical Care Nursing Exam you'll benefit from a quick-but-comprehensive review of everything tested on the exam via real-life examples, graphics, and information. Our materials give you that extra edge you need to pass the first time. AACN was not involved in the creation or production of this product, is not in any way affiliated with Trivium Test Prep, and does not sponsor or endorse this product. Trivium Test Prep's CCRN Review Book 2019-2020 offers: A detailed overview of what you need to know for the CCRN exam Coverage of all the subjects over which you will be tested Practice questions for you to practice and improve Test tips and strategies to help you score higher Trivium Test Prep's CCRN Review Book 2019-2020 covers: Cardiovascular Pulmonary Endocrine Hematology/Immunology Neurology Gastrointestinal Renal Multisystem Behavioral/Psychosocial Professional Care and Ethical Practice ...and includes a FULL practice test! About Trivium Test Prep Trivium Test Prep is an independent test prep study guide company that produces and prints all of our books right here in the USA. Our dedicated professionals know how people think and learn, and have created our test prep products based on what research has shown to be the fastest, easiest, and most effective way to prepare for the exam. Unlike other study guides that are stamped out in a generic fashion, our study materials are specifically tailored for your exact needs. We offer a comprehensive set of guides guaranteed to raise your score for exams from every step of your education; from high school, to college or the military, to graduate school. Let our study guides guide you along the path to the professional career of your dreams!

Nurse preceptors have the power and opportunity to inspire nurses to achieve greatness. Effective precepting programs depend on two critical groups: nurses who organize and manage the programs and nurses who support, teach, and coach. Author, Beth Ulrich provides the knowledge, tools, skills, and wisdom both groups need for success. Written for staff nurses and their managers, this second edition of Mastering Precepting: A Nurse's Handbook for Success teaches preceptors both the science and art of education and empowers them to seek the support they need to be effective. For managers, it emphasizes the importance of providing nurse preceptors with positive and supportive experiences. This fully revised new edition covers: · Roles, planning, goals, and motivation · Specific learner populations Self-care and burnout precautions

Preceded by: AACN procedure manual for critical care / edited by Debra Lynn-McHale Wiegand. 6th ed. c2011.

From the experts at the American Association of Critical-Care Nurses (AACN) comes the definitive resource for critical care certification and clinical practice. This new seventh edition has been thoroughly updated to reflect the current state of high acuity, progressive, and critical care nursing practice and includes expanded coverage of pain management, palliative care, and end-of-life care; transplantation; and key AACN initiatives. It also

reflects the most current literature, national and international guidelines, clinical studies, and of course, the newest content on the CCRN® exam. Authored by the experts at the American Association of Critical-Care Nurses (AACN), this is the definitive guide to critical care nursing certification and clinical practice. NEW! Significantly updated content corresponds to the most recent CCRN® examination blueprint and reflects the most current literature, national and international guidelines, clinical studies, AACN/ANA scope of practice, and ECCO 3.0. NEW! Expanded coverage of key content reflects the healthcare needs of today's patients, including pain management, palliative care, and end-of-life care; nutritional support; transplantation; and key AACN initiatives. Concise outline format is organized by body system to make information easy to digest. NEW! Clinical Pearls and Key Concepts boxes highlight key content and serve as a convenient quick reference. NEW! Improved navigation includes printed index tabs to help distinguish chapters and find information fast. Basic to advanced levels of coverage, with an emphasis on clinical nursing practice, prepare you for the full range of knowledge you will encounter on the CCRN exam and in practice. Coverage of the AACN Synergy Model is featured in the new opening chapter. Professional Care and Ethical Practice is integrated into the Core Curriculum series framework. A new chapter on Critical Care Patients with Special Needs includes bariatric and geriatric patients in critical care, as well as high-risk obstetric patients. Features new content on chest tubes, liver transplantation for acute liver failure, spirituality, and spiritual aspects of care. Integrates pain as the 5th vital sign and includes JCAHO, HCFA, and AHCPH guidelines relating to pain management. Features AHRQ evidence-based practice guidelines as reference sources for practice interventions. New organization for Patient Care presents patient problems, needs, etc. in order of clinical priority. Expanded Nursing Interventions includes considerations related to patient/family education, patient transfer, and discharge planning. Web-based resources for CDC, AHA, NINR, National Guideline Clearinghouse, NIH Consensus Conference Proceedings, ADA.
