~~New edition updated for examinations through to June 2015. This book is based on our "Test/Repeat/Succeed" philosophy and on our belief that the best way to learn ACCA syllabus content is through a very active self-test approach. Getting a question wrong, looking at the right answer and trying again and again is the most effective way of building knowledge - far better than just passively reading and trying to memorise material. Set of over 1,000 short form questions (Q&As) which condense and break down all elements of the P2 syllabus into interactive questions which can be completed very quickly and multiple times before the exam. The process of revisiting key areas will lead to better knowledge retention and a more active revision technique. This method is particularly valuable in a long syllabus such as P2 as it will reduce your revision time by eliminating the need to read and re-read unnecessary text in your Study Materials - instead we just go straight to the point through our questions. Using the Q&A will also eliminate the need to make notes. Questions are based on review of both the ACCA syllabus and past papers to ensure a focus on key areas. Includes mark breakdown of past papers over the 2008 to 2012 period to identify the key areas which the examiner likes to test. Covers both UK and International paper options with clear indication of UK-only questions. For samples and further explanation of our technique, see www.accasimplified.com.~~

~~The examining team reviewed P2 Study Text covers all the relevant ACCA P2 syllabus topics and offers examiner advice on approaching the paper. It is suitable for both International and UK study. Additional UK topics are covered in an online supplement. The text introduces ethics, which have an impact on all aspects of financial reporting, and financial responsibility. It also discusses accounting standards, advanced consolidation topics and current issues. The question bank contains case study style questions similar to the ones you will find on the exam.~~

Question practice is essential for all papers, but for P2, there is a strong "fear factor". Questions look intimidating, and it is only once you get into the detail that you realise that there are easy marks and more complicated parts that are not essential to get a pass. Our practice and revision kit follows the order of the text and there are a large number of questions on all syllabus topics. Our kit gives ample opportunity to practice the long, 50 mark case studies, which will be the compulsory Section A question in the exam. Three mock exams, including the December 2007 exam, also reflect this format. As a gentle introduction to many of the topics, there are preparation questions giving instructions in basic techniques. Most questions have marking schemes, so that you can see that the examiner awards marks for these techniques.BPP Learning Media is the publisher of choice for many ACCA students and tuition providers worldwide. ~~An approved text for the Professional Qualification, this 'Exam Kit' enables you to practise your exam technique and apply your knowledge and understanding.
