However, just like pansexuality, bisexuality can mean you're attracted to all genders too, since, after all, multiple genders can also mean all genders. In fact, ...

This book presents a glimpse of what is known and what remains to be known about bisexuality. The collection of essays provides an introduction to research, theory, and practical clinical knowledge about bisexuality.

Angelides explores the evolution of sexuology, revisiting modern epistemological categories of sexuality in psychoanalysis, gay liberation, social constructionism, queer theory, biology, and human genetics. He argues that bisexuality has functioned historically as the structural other to sexual identity itself, undermining assumptions about heterosexuality and homosexuality.

Get a global perspective on bisexuality from a women's viewpoint! Women and Bisexuality: A Global Perspective reflects the growing contribution bisexuals, and especially bisexual women, make to queer culture on an international level. This unique book presents a collection of thoughtful essays, studies, and reviews that combine to help develop a language that reflects the reality of bisexuality from a feminine/feminist viewpoint. Authors map the inroads made by bisexual studies into conventional disciplines, including anthropology, sociology, health, literature, film, history, and biography, and analyze the situations of bisexual women in areas as diverse as France, North America, Germany, Australia, and Africa. The rich and varied contributions to Women and Bisexuality: A Global Perspective track the spread of bisexuality from the urban and metropolitan centers of gay culture to more peripheral areas as the movement becomes more and more hospitable to transnational and transcultural people. The book's main themes—bisexuality's ability to disrupt categories and the resulting feeling of alienation many bisexuals experience—are manifested in approaches that include critical theory, deconstruction, textual analysis, cognitive psychology, personal essay, review essay, reportage, and qualitative study. Topics addressed include: the impact of feminism and women's communities on the appearance of bisexual women multi-sexual relationships as border existence in Australia a South African perspective on bisexuality understanding bisexuality's invisibility Lillian Hellmann's bisexual fantasies and much more! Women and Bisexuality: A Global Perspective follows bisexuality to the crossroads of academics and activism, presenting a wide scope of refreshing and insightful thought that reflects more than an identity or practice. The diverse mix of ideas is an essential read for anyone interested in literature on sexuality.

This pathbreaking volume brings together a diverse body of sexual, behavioral, and social science research on bisexuality. Arguing for a clear, evidence-based definition of bisexuality and standardized measures for assessing sexual orientation, it spotlights challenges that need to be addressed toward attaining these goals. The book's deep trove of findings illuminates the experiences of bisexual men and women in key aspects of life, as well as common mental health issues in the face of stigma, prejudice, and outright denial from the heterosexual and homosexual communities. Throughout, contributors examine the paradoxical invisibility of bisexuality even as society and science have become more inclusive of lesbians and gay men, and emphasize the critical role of thoughtful, respectful support across societal and mental health domains. Among the topics covered: Defining bisexuality: challenges and importance of and toward a unifying definition. Plurisexual identity labels and the marking of bisexual desire. Binegativity: attitudes toward and stereotypes about bisexuals. Female bisexuality: identity, fluidity, and cultural expectations. Romantic and sexual relationship experiences among bisexual individuals. Bisexuality is a substantial reference for psychologists, scholars and graduate students in LGBTQIA+ studies, and clinicians seeking both theoretical and applied perspectives on the research into bisexuality. It also offers instructors a supplemental research-based textbook option for teaching courses related to sexuality and bisexuality.

Bisexuality: A Critical Reader presents the essential primary texts on bisexuality from the last 100 years in an easy-to-read format. Exploring this often controversial concept from a range of perspectives, this book places bisexuality in its historical and cultural context and explores its many meanings and uses. Merl Storr's introductions give a straightforward overview of the texts included and sets them clearly in the context of debates on bisexuality. This collection includes pieces by: * Henry Havelock Ellis * Sigmund Freud * Alfred C. Kinsey, Wardell B. Pomeroy and Clyde E. Martin * and Hélèn Cixous.

Bisexuality in Europe offers an accessible and diverse overview of research on bisexuality and bi+ people in Europe, providing a foundation for theorising and empirical work on plurisexual orientations and identities, and the experiences and realities of people who desire more than one sex or gender. Counteracting the predominance of work on bisexuality based in Anglo-American contexts, this collection of fifteen contributions from both early-career and more senior academics reflects the current state of research in Europe on bisexuality and people who desire more than one sex or gender. The book is structured around three interlinked themes that resonate well with the international research frontiers of bisexual theorising: bisexual citizenship, intimate relationships, and bisexual+ identities. This book is the first of its kind in bringing together research from various European countries including Austria, Finland, Italy, the Netherlands, and Scandinavian countries, as well as from Europe as a wider geographical region.. Topics include pansexual identity, non-monogomies, asylum seekers and youth cultures. This is an essential collection for students, early career researchers, and more senior academics in Gender Studies, LGBTQI Studies and Sexuality Studies.

A hilarious and whip-smart collection of essays, offering an intimate look at bisexuality, gender, and, of course, sex. Perfect for fans of Lindy West, Samantha Irby, and Rebecca Solnit—and anyone who wants, and deserves, to be seen. If Jen Winston knows one thing for sure, it's that she's bisexual. Or wait—maybe she isn't? Actually, she definitely is. Unless...she's not? Jen's provocative, laugh-out-loud debut takes us inside her journey of self-discovery, leading us through stories of a childhood "girl crush," an onerous quest to have a threesome, and an enduring fear of being bad at sex. Greedy follows Jen's attempts to make sense of herself as she explores the role of the male gaze, what it means to be "queer enough," and how to overcome bi stereotypes when you're the posterchild for all of them: greedy, slutty, and constantly confused. With her clever voice and clear-eyed insight, Jen draws on personal experiences with sexism and biphobia to understand how we all can and must do better. She sheds light on the reasons women, queer people, and other marginalized groups tend to make ourselves smaller, provoking the question: What would happen if we suddenly stopped??? Greedy shows us that being bisexual is about so much more than who you're sleeping with—it's about finding stability in a state of flux and defining yourself on your own terms. This book inspires us to rethink the world as we know it, reminding us that Greedy was a superpower all along.

Depicted as duplicitous, traitorous, and promiscuous, bisexuality has long been suspected, marginalized, and rejected by both straight and gay communities alike. Bi takes a long overdue, comprehensive look at bisexual politics—from the issues surrounding biphobia/monosexism, feminism, and transgenderism to the practice of labeling those who identify as bi as either "too bisexual" (promiscuous and incapable of fidelity) or "not bisexual enough" (not actively engaging romantically or sexually with people of at least two different genders). In this forward-thinking and eye-opening book, feminist bisexual and genderqueer activist Shiri Eisner takes readers on a journey through the many aspects of the meanings and politics of bisexuality, specifically highlighting how bisexuality can open up new and exciting ways of challenging social convention. Informed by feminist, transgender, and queer theory, as well as politics and activism, Bi is a radical manifesto for a group that has been too frequently silenced, erased, and denied—and a starting point from which to launch a bisexual revolution.

Get a global perspective on bisexuality from a women's viewpoint! Women and Bisexuality: A Global Perspective reflects the growing contribution bisexuals, and especially bisexual women, make to queer culture on an international level. This unique book presents a collection of thoughtful essays, studies, and reviews that combine to help develop a language that reflects the reality of bisexuality from a feminine/feminist viewpoint. Authors map the inroads made by bisexual studies into conventional disciplines, including anthropology, sociology, health, literature, film, history, and biography, and analyze the situations of bisexual women in areas as diverse as France, North America, Germany, Australia, and Africa. Explore the common ground—and the important differences—between bisexuality and transgenderism! This book, guaranteed to provoke debate and discussion of sexuality and gender, is the first devoted

exclusively to the relationship between transgenderism and bisexuality. Combining the work of scholars and activists, professional writers and lay people, *Bisexuality and Transgenderism: InterSEXions of the Others* presents ideas, thoughts, feelings, and insights from a variety of contributors who are committed to understanding—and deepening our understanding of—gender and sexuality. You'll find scholarly essays, narratives, poetry, and a revealing interview with four male-to-female transsexuals, two of whom are married to women who also participate in the discussion. In addition, the book includes insightful chapters by well-known advocates of transgenderism, including Jamison "James" Green, Coralee Drechsler, and Matthew Kailey. The editors of *Bisexuality and Transgenderism: InterSEXions of the Others* make the provocative but crucial claim that the larger queer community looks at "B" and "T" lives as mere "add-ons" to "L" and "G." In this book they focus attention on bisexuality and transgenderism—moving the "margins" to center stage and exploring how sexuality, gender, desire, and intimacy are constructed and circulate in our society. The book's inclusion of voices and scholarship from Eastern cultures challenges our understanding of sexuality and gender constructions all the more, giving this collection a global scope. Here is a sample of what *Bisexuality and Transgenderism: InterSEXions of the Others* examines: biphobia and transphobia within the United States' gay and lesbian community the bi/trans and subversive aspects of the works and images of cultural icons Angelina Jolie and Sandra Bernhard how bisexual and transgendered identities are socially constructed through relationships the false promise of homosexual play—why the concepts of postmodern sexuality fail to rewrite the construction of gender why swingers who practice bisexual and transgender behavior are often disdained and marginalized by other GLBT people suicidal thoughts and other mental health concerns of bisexual males and females, as well as transgender people Eastern perspectives on sexual/gender identities—with revealing chapters on gender identity in Japan and Indonesia
