and more than nine million copies later, the name Turabian has become synonymous with best practices in research writing and style. Her *Manual for Writers* continues to be the gold standard for generations of college and graduate students in virtually all academic disciplines. Now in its eighth edition, *A Manual for Writers of Research Papers, Theses, and Dissertations* has been fully revised to meet the needs of today's writers and researchers. The Manual retains its familiar three-part structure, beginning with an overview of the steps in the research and writing process, including formulating questions, reading critically, building arguments, and revising drafts. Part II provides an overview of citation practices with detailed information on the two main scholarly citation styles (notes-bibliography and author-date), an array of source types with contemporary examples, and detailed guidance on citing online resources. The final section treats all matters of editorial style, with advice on punctuation, capitalization, spelling, abbreviations, table formatting, and the use of quotations. Style and citation recommendations have been revised throughout to reflect the sixteenth edition of *The Chicago Manual of Style*. With an appendix on paper format and submission that has been vetted by dissertation officials from across the country and a bibliography with the most up-to-date listing of critical resources available, *A Manual for Writers* remains the essential resource for students and their teachers.

The old beast is up to something out of character here. Gabriel appears autistic because he hears a voice. The voice is real, but it is a supernatural presence. This voice gives him a power that he can transfer by touch. Gabriel does not trust this presence, though he finds that the wonder of what he is experiencing is far too great for him to resist. Gabriel's "autism" is really a defense against the weight of the power that has engulfed his heart, mind and soul, from the very beginning. He has no memory of his parents and in actuality, the voice, which causes him so much distress, is the only reality he has ever known. Living in an orphanage in Austin, Texas, all of his life, the voice has shown him more attention and love than any other person. He befriends one other special young person in that orphanage, Joshua Fellows. Joshua also has experienced little love in his short life. The bond between these two young boys is the beginning of an amazing journey. Together, they form a bond that gives each of them strength to take the gift, and to use it for good. They will ultimately discover that the presence is not at all who they expected.
