Analyzing people at first glance is natural. We all do it and there is no point in denying it. Through instinct and experience some people are better in this process than others. This is also undeniable. However, science and research has made it possible to learn a few ways to make sure that the analysis we make of the people that we meet for the first time is not based only on instinct and experience but also on undeniable scientific facts. "How to Analyze People" has the purpose of presenting those ways to the general public, to explain them and to point out the necessity of incorporating them into our way of sizing up people and drawing our conclusions about them. Many texts speak only about the ways of observing the eyes. Other texts refer to the body language or "non-verbal communication" as it has become to be known. A few more texts refer to how the pitch and intonation of a voice carries out the messages. These are all gathered up in one text so that the total sum of the observations that need to be made in order to make our analysis as correct as possible and draw a correct conclusion out of it, is brought to common knowledge in the hopes of avoiding misunderstandings and unnecessary emotional outbreaks that may lead to unfortunate and regrettable actions. Actions that are unbecoming to a modern and peaceful society. Download Your Copy Now! Click the Buy Now button on the top of the page

If you 're tired of being manipulated, then there are ways that you can stop the control others have over you. Whether you 're being tricked into doing things you don 't want, or others are taking advantage of you, there are ways to stop manipulation and persuasion in its tracks. This is the second book in the Dark Psychology series. The first one gave a groundwork for what different types of persuasion and manipulation might be. This book will take you through the process of using these tactics to their advantage. The first half of the book will discuss what makes up an individual. The way you use your body, the words that you choose to speak, and the way that they were raised all play important roles in what makes an individual. You will also have to look at your own self and pick out all of these unique things that make them different from everyone else as well. There are psychological studies that back up the idea of certain methods of persuasion, such as NLP tactics, that prove that anyone has the power to persuade others. In How to Analyze People, you will discover: How to analyze other people The power of your body How your body language affects you The power of your words How to make connections How to Improve confidence How to subliminally persuade others And much, much more! Even if you feel like you already know how to use manipulation tactics to your advantage, there is still important information in this book that will allow you to better persuade other people around you. Although there are many differences among people, there are also many things that make us the same. In order to better analyze and understand those around you, it 's crucial to find those things that we do connect on, and the things that bring us together rather than the things that tear us apart. It 's important when reading this book, versus the first one, to remember that not all manipulation is bad. In the first book, it was emphasized that those who might be manipulating you might also be taking advantage of you. When reading this book, you should remember that manipulation is a tool, much like a hammer. You can either use that hammer to destroy everything around you, or you could alternatively use that hammer to create something organic, something new. This book will take you first through the discovery and analyzation of those around you, and then it will provide different ways that you can persuade them. The only thing you need before starting this book is the willingness to change. You might have to confront some of your darkest issues, and you might have to put yourself through future scenarios that elicit a feeling of discomfort. In the end, however, you 'll find yourself to be much more self-aware and independent. Grab this book and start the journey to better understanding human psychology today!

movements, their head gestures, their posture, their proxemics, and even by looking into their eyes. A greater percentage of modern communication is considered as nonverbal. A tilt of one's head, the thrust of one's lip - all of these provide subtle clues about his personality and the meaning behind his words. Understanding other people on sight and deciphering their messages through their unconscious movements will help sharpen your intuition and develop your critical thinking skills. Often, we tend to judge people in a very biased manner. The fact is that these preconceptions are difficult to get rid of. Many times, this causes us to form inaccurate judgments. This book's goal is to help you see the social world from a whole new angle. Nonverbal Cues will show you the truth. There are several factors that hinder an individual's ability to communicate freely. If you're a parent or a caregiver, it is important to identify nonverbal cues that indicate distress. Being able to analyze a person on sight may also be extremely beneficial to one's career and social life. It helps you to become a better communicator and allows you to build your presence. On an intimate level, being able to decode a person's non-verbal messages will help you determine the degree of their interest towards you. More than that, being able to read a person on sight prevents you from being the victim of deceit. No one wants to go about blindly in this world. By reading this book, not only will you be able to really look at people, you will also be able to perceive them. What you will get from this book: Learn to differentiate between different Gestures and Kinesics Learn what hand gestures and body movements really imply Determine if someone agrees or disagrees through Head gestures Determine if someone is attracted through their eye contact Read true intentions and feelings towards you from facial expressions Learn how Proxemics(distance) influence's someone's behavior Learn how to read posture and body movements Benefits this book can provide you Build a Stronger Career Have a better Social Life Have more self confidence Have deeper relationships with people Today only get a discount of .99\$ regularly priced at 4.99\$ Take advantage of this special offer today Scroll up and buy right now!

Description: Are you interested in understanding Emotional Intelligence and Dark Psychology? Do you want to find the dark side of people? If yes, then this is the right book for you! Emotional intelligence, also referred to as emotional leadership or emotional quotient, is the ability of certain people to realize their emotions, as well as those of others, differentiate them, label, and readily manage or adjust depending on the situation or environment. These people typically remain calm despite the changes in the surrounding or negative impacts associated with a given case. Besides, they may apply the capability to help those affected by awkward feelings, therefore, making them feel at peace. Emotional intelligence is psychological, where one understands and handles any emotion with ease while remaining calm. Most of us react to varying feelings to some extent, depending on the severity or fun in it. However, higher emotional intelligence people can manage these emotions and have a minimal impact on their lives, even on extensive influences of a situation. This book covers: What Are the Differences between Persuasion and Manipulation The History of Persuasion Covert Persuasion Understanding the Dark Persuasion Understanding Dark Manipulation There is a lot more to discover and learn. If you are interested in knowing more, click buy now and let's start this journey together!

BUY THE PAPERBACK VERSION OF THIS BOOK AND GET THE KINDLE BOOK VERSION FOR FREE!!! Have you ever wished you could know what a person really thinks about you? What if I told you that you have the ability to do that and it won't cost you any more than this book? You probably think I'm crazy, but if I've got your attention, continue reading. Body language is something that humans, and other animals, have been using since the dawn of time. Whether or not we have always been consciously aware that it isn't important, what is important is that we are aware of it now. Now, we can use this information to our advantage and that means understanding how a person truly feels. You can look at the body language of a person to learn the truth in any situation, especially analyzing their feet. This book is here to teach you how to interpret these messages. Throughout these pages, you will learn: What body language is How to spot a liar What breathing can tell you How to spot a manipulative person What to look at when you first meet somebody And much more Body language isn't simply how a person crosses their arms or legs. It goes deeper than that. It's how the breathing matches up with their words. The furrow lines they get on their brow when they are trying to think of what to say. Or the direction their feet are pointed when they are talking. Body language is something we all use, so why shouldn't we all understand how to read it? If you want to learn more about yourself and the people around you, BUY this book today!
