Top the IELTS is an IELTS book like no other. It recognizes an essential key to the problem: students who struggle with the IELTS have problems mastering English. Hence, while other IELTS books teach strategies with long wordy explanations that hardly make sense to the average student, Top the IELTS focuses on teaching students in the most intuitive way possible: examples. Each unit is systematically broken down to make it simple for any student to Top the IELTS. First, "Simple Steps" are condensed at the outset for easy reference. Next begins "Elaboration with Examples" — a section where the "Simple Steps" are put into practice. As an added bonus, actual student work is included in the elaboration section to reveal the common mistakes made by IELTS-takers. The unit concludes with the "IELTS Trainer" which allows students a chance to directly put the strategies to practice rather than just throwing students into the deep end by providing a full set of IELTS practice tests.
