The details of international business are growing more complex by the day-and even the most seasoned professionals can find themselves in need of guidance. This comprehensive answer book supplies readers with a clear view of the entire export/import process, explaining the ins and outs of shipping and insurance; payment mechanisms; distributors vs. agents; customs and export control requirements; and transportation issues. Featuring dozens of sample contracts, procedures, checklists, and ready-to-use forms-Export/Import Procedures and Documentation is an authoritative voice in the ever-changing, often confusing world of international laws and regulations. The revised fifth edition contains new and expanded information on topics including: Corporate oversight and compliance * Valuation * The Export Control Reform Act * Licensing requirements and exceptions * International Commerce Trade Terminology * The shifting definition of "Country of Origin" * Specialized exporting and importing * And more Thorough and accessible, this trusted resource provides readers with the tools they need to manage supply chain dynamics around the world, and keep everything organized, up-to-date, and above board each step of the way.

This edition of Importing Into the United States contains material pursuant to the Trade Act of 2002 and the Customs Modernization Act, commonly referred to as the Mod Act. Importing Into the United States provides wide-ranging information about the importing process and import requirements. We have made every effort to include essential requirements, but it is not possible for a book this size to cover all import laws and regulations. Also, this publication does not supersede or modify any provision of those laws and regulations. Legislative and administrative changes are always under consideration and can occur at any time. Quota limitations on commodities are also subject to change. Therefore, reliance solely on the information in this book may not meet the "reasonable care" standard required of importers.

The ultimate guide to navigating the increasingly complicated world of export and import guidelines. International business is more complex today than ever before, from customs and export control requirements, and distributors versus agents to payment mechanisms, insurance, and transportation. Featuring dozens of sample contracts, procedures, checklists, and ready-to-use forms, Export/Import Procedures and Documentation is an authoritative voice in the ever-changing, often-confusing world of international laws and regulations. This revised fifth edition contains new and expanded information on topics including: Corporate oversight and compliance Valuation The Export Control Reform Act Licensing requirements and exceptions International Commerce Trade Terminology The shifting definition of " Country of Origin " Specialized exporting and importing, and more! You no longer have to worry about all the dos, don ' ts, and details of the vast world of importing/exporting. Export/Import Procedures and Documentation has done it for you already.
