Volume 2 follows Rapunzel and her adventures in both feudal and present day Japan(!). So there are a host of Japanese characters that I was not familiar with, along with some of our favorites "Fairest" is a spin-off series from "Fables", and each volume follows one of the principal female characters from that series.

Two hundred and twenty tales from medieval Japan—tales that welcome us into a fabulous faraway world populated by saints, scoundrels, ghosts, magical healers, and a vast assortment of deities and demons. Stories of miracles, visions of hell, jokes, fables, and legends, these tales reflect the Japanese civilization. They ably balance the lyrical and the dramatic, the ribald and the profound, offering a window into a long-vanished culture. With black-and-white illustrations throughout
