A peer-reviewed open-access electronic journal promoting early childhood environmental education for global readership and action, The International Journal of Early Childhood Environmental Education (IJECEE) publishes scholarly written works pertinent to the education of all young children (birth to eight years). Articles include book reviews, educational approaches, evaluation models, program descriptions, research investigations, and theoretical perspectives-all anonymously and expertly peer-reviewed. Articles in this issue include: - Note of Reflection: The Essence of Our Collective Work, by Ruth Wilson, Consulting Editor - The green bean has to be longer than your thumb: An observational study of preschoolers' math and science experiences in a garden, by Maureen Vandermaas-Peeler and Cara McClain - Betwixt the Wild, Unknown and the Safe: Play and the Affordances of Nature within an Early Childhood Education and Care Institution in Norway, by Gjertrud Stordal, Gro Follo, and Ingar Pareliussen - A Young Child's Perspectives on Outdoor Play: A Case Study from Vancouver, British Columbia, by A. Elizabeth Beattie - Children as "Solutionaries" Environmental Education as an Opportunity to Take Action, by Elizabeth O. Crawford, Nancy Luke, and William Van Pelt - Wild Beginnings: How a San Antonio initiative instills the love of nature in young children, by Deepti Kharod and Maria G. Arreguín-Anderson - Nature and the Outdoor Learning Environment: The Forgotten Resource in Early Childhood Education, by Allen Cooper - Children's Books and Resources by Review Brenda Weiser and Jill Smith.

Caribbean Childhoods: From Research to Action is an annual publication produced by the Children s Issues Coalition at the University of the West Indies, Mona. The series seeks to provide an avenue for the dissemination of research and experiences on children s health, development, behaviour and education, and to provide a forum for the discussion of these issues.

Lecturers, why waste time waiting for the post to arrive? Click on the above icon and receive your e-inspection copy today! This new edition of Cathy Nutbrown's much loved book explains the key ideas and issues in Early Childhood clearly and concisely, keeping students up-to-date with the latest developments in the field. There are brand new entries on: - Attachment - Babies' learning and development - Children's Centres - Citizenship - Digital Technologies - Early Years Foundation Stage - Early Years Professional Status - Neuroscience - Sexualities The rest of the book has also been thoroughly updated and revised, and includes coverage of heuristic play, Early Literacy Development and Parental Involvement. The book offers starting points which provide a clear focus, further reading and discussion of research on thirty-five key topics. It is a must for students following courses in early childhood education and care. Professor Cathy Nutbrown directs and teaches on Masters and Doctoral programmes in Early Childhood Education at the University of Sheffield.

Comprehensive and authoritative, this forward-thinking book reviews the breadth of current knowledge about early education and identifies important priorities for practice and policy. Robert C. Pianta and his associates bring together foremost experts to examine what works in promoting all children's school readiness and social-emotional development in preschool and the primary grades. Exemplary programs, instructional practices, and professional development initiatives?and the systems needed to put them into place?are described. The volume presents cutting-edge findings on the family and social context of early education and explores ways to strengthen collaboration between professionals and parents.

From understanding how the youngest children learn to working with ECE agencies, this practical guide presents the information principals need to create effective early childhood education programs.

Early Childhood educational research is a constantly evolving field. This book brings together Cathy Nutbrown ' s considerable knowledge and expertise in the field, to deliver a comprehensive and critical overview of national and international research. The strengths of various types of research, and their influence on theory, policy and practice, are identified along with new and emerging research areas, and anticipated future topics and patterns of research. Through an analytical discussion of research topics addressing Children, Adults and Pedagogy, these key areas are highlighted: - Issues in research design - Types of and trends in methodological approaches - The ethics of research With digestible chapter introductions, thinking points and suggestions for research or dissertation topics, readers are also able to locate their own work in an international landscape. This is the perfect ' go to ' resource for all early childhood education and social science researchers.

Early Childhood Education: Becoming a Professional is an inspiring introduction to the world of early childhood education, preparing the teachers of tomorrow to reach their full potential in their schools and communities. Written by a diverse and experienced author team (Kimberly A. Gordon Biddle, Ana Garcia-Nevarez, Wanda J. Roundtree-Henderson, and Alicia Valero-Kerrick), this text engages readers to connect contemporary educational and developmental theory and research to developmentally appropriate practices and applications that

are easily implemented in the classroom. In response to today's ever-changing educational environment, the text focuses on both the importance of taking personal and professional responsibility, as well as today's issues in diversity—from supporting children with exceptionalities to supporting children and families in broader cultural contexts.
