Maternal Child Nursing Care, 6th Edition - 9780323549387

Maternal Child Health The Columbia County Department of Health offers programs and services to assist families during pregnancy, after the baby's birth, and during the childhood years. Our goal is to provide education, assessments, and health care to help promote the healthiest possible start for your child's life.

Columbia County Public Health | Nursing and Clinical Services

For too long perinatal care focused on nine months of pregnancy and the delivery of a healthy infant at 40 weeks. Then we underwent a paradigm shift. We realized that the

Access Free Maternal Child Nursing Care 4th Edition Study Guide

care that we offer in first 100 days after a baby is born is just as important as the care we provide during pregnancy. The 4th Trimester was born!

National Perinatal Association - 2020 Conference

Designed to be used by the student together with the sixth edition of Maternal and child health nursing by Adele Pillitteri.

Featuring the most accurate, current, and clinically relevant information available, Perry's Maternal Child Nursing Care in Canada combines essential maternity and pediatric nursing information in one text. Comprehensive coverage includes promotion of wellness and the care for persons experiencing common health concerns throughout the lifespan, care in childbearing, as well as the health care of children and child development in the context of the family. Health concerns, including physiological dysfunctions and special needs and illnesses, are also featured. This text provides a family-

Access Free Maternal Child Nursing Care 4th Edition Study Guide

centred care approach that recognizes the importance of collaboration with families when providing care. Medication Alerts stress medication safety concerns for better therapeutic management. Safety Alerts highlighted and integrated within the content draw attention to developing competencies related to safe nursing practice. Research Focus boxes identify best practices by presenting evidence and how to apply the knowledge learned. Atraumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress. Community Focus boxes emphasize community issues, supply resources and guidance, and illustrate nursing care in a variety of settings. Clinical reasoning case studies offer you opportunities to test

Access Free Maternal Child Nursing Care 4th Edition Study Guide

and develop your analytical skills and apply knowledge in various settings. Cultural Awareness boxes explore beliefs and practices about pregnancy, childbirth, parenting, women's health concerns, and caring for sick children. Evidence-Informed Practice boxes highlight findings that confirm effective practices or that identify practices with unknown, ineffective, or harmful effects. Emergency boxes alert you to emergency situations and guide you step-by-step through emergency procedures. Family-Centred Care boxes highlight the needs or concerns of families that you should consider in providing family-centred care. Guidelines boxes outline nursing procedures in an easy-to-follow format. Home Care boxes detail important information that you need to deliver care to patients and families in the home setting.

Access Free Maternal Child Nursing Care 4th Edition Study Guide

Medication Guide boxes include key information about medications used in maternity and newborn care, including their indications, adverse effects, and nursing considerations. Patient Teaching boxes assist you in helping patients and families become involved in their own care with optimal outcomes.
