Miles. L'autobiografia (I Quindici Vol. 10) eBook: Miles Davis, Quincy Troupe: Amazon.it: Kindle Store

Dall'epoca d'oro del bebop alla rivoluzione della fusion, la musica di Miles Davis ha attraversato e segnato l'intera storia del jazz. In questo libro autobiografico, che torna oggi in un'edizione rilegata e arricchita di preziosi contenuti speciali, Davis racconta l'evoluzione del suo stile, i suoi gruppi, gli album e i concerti, ma anche gli amici, le donne, la famiglia, gli anni bui dell'eroina, i conflitti con i bianchi del mondo della stampa e del potere costituito. Dalla sua voce di volta in volta commossa, indispettita, orgogliosa, nasce un grandioso film corale in cui fanno da co-protagonisti Charlie Parker, John Coltrane, Dizzy Gillespie, Jimi Hendrix e Prince, e in ruoli cameo troviamo Juliette Greco, Jean-Paul Sartre e addirittura Ronald Reagan. Fitto di aneddoti e informazioni come una grande enciclopedia del jazz, ma animato dal calore di una personalità battagliera, questo libro è una testimonianza fondamentale per la storia della musica, ma insieme un romanzo appassionante e un ritratto "militante" di mezzo secolo di cultura nera americana.

Miles discusses his life and music from playing trumpet in high school to the new instruments and sounds from the Caribbean.

In Possibilities, il leggendario pianista e compositore Herbie Hancock riflette su ben sette decenni di vita e carriera vissuti da vero innovatore, nei quali ha esplorato ogni genere musicale e lasciato un'impronta indelebile sul jazz, l'r&b e l'hip-hop, garantendosi al contempo il successo testimoniato dai quattordici Grammy Awards vinti. Dagli inizi come bambino prodigio al lavoro in quintetto con Miles Davis, dalle innovazioni introdotte come leader di un sestetto rivoluzionario alla collaborazione con musicisti del calibro di Wayne Shorter, Joni Mitchell e Stevie Wonder – passando per le sue influenze musicali, divertenti dietro le quinte, il suo matrimonio lungo e felice e il suo rapporto creativo e personale con il buddismo – queste pagine rivelano il metodo che si cela dietro l'innegabile genio musicale di Hancock. Illuminante e vitale come l'uomo che l'ha scritta, questa autobiografia è un prezioso contributo alla letteratura jazz e una lettura obbligata per gli appassionati e gli amanti della musica.

An award-winning author and poet offers a unique appreciation and portrait of one of the century's greatest musicians, capturing the many facets of Miles Davis's brilliant and difficult nature, and chronicling his own growth through his friendship with Davis.

Storming Heaven is the only book which looks at Italian workerist theory and practice, from its origins in the anti-Stalinist left of the 1950s to its heyday twenty years later. It focuses on the theme of workerism, or 'operaismo', which includes the refusal of work, class self-organisation, mass illegality and the extension of revolutionary agency, of of which are still practiced today by workers across the world. Emphasising the dynamic nature of class struggle as the distinguishing feature of workerist thought, Storming Heaven reveals how this form of radical politics developed alongside emerging social movements to great effect. It assesses the strengths and limitations of workerism as first developed by Antonio Negri, Mario Tronti, Sergio Bologna and others. This edition includes a new chapter looking at the debates around operaismo and Autonomia since the book originally appeared in 2002, and is updated with a new foreword and afterword.
