The importance of the first-year experience is now well recognised. This collection of papers makes a fascinating and important contribution to our understanding of students' transition to higher education. This is a scholarly, engaging and illuminating text, that is relevant not only in the context of South Africa, but for anyone interested in student learning in the first year of university education. David Gosling, Plymouth University

The search for a means to an end to apartheid erupts into conflict between a black township youth and his "old-fashioned" black teacher.

This book discusses "tourism and hospitality" from different perspectives and disciplines. In addition, this book, considering the tourism and hotel management terminology, is expected to be a source book for the theoretical and practical scientific studies in the fields which is in close relationship such as gastronomy, recreation and marketing.

This book examines the crucial issues affecting Human Rights Education in contexts of culture, religious and societal diversity. It exhibits an impressive scholarly achievement, capturing and combining the insights of both established academics and emerging researchers. Each author succeeds in distilling the knowledge of their particular fields of interest, as well as conveying the essence of their intuitive understanding and the richness of the context. This book considers a variety of connected content and methodological issues in three major sections: ' Philosophical and policy perspectives ', ' Gender discourses: diverse perspectives ' and ' Discourses on narratives as safe spaces '. The Edition is further strengthened by allowing international reviewers the opportunity of engaging with the contributors in the Introduction and Conclusion, an innovative departure from conventional formats and which will provide a global perspective to the readers. The focus of the various chapters succeeds in establishing both a foundation and platform for dialogue surrounding human rights and human rights education in modern policy and governance. Apty named " Safe Spaces ", the Edition offers in-depth and credible ( " safe " ) nuances ( " spaces " ), in terms of the somewhat reified concept of human rights, at a time when human rights remains a highly topical and contested international issue. As such, the book imparts an immense scope of theoretical and empirical perspectives, reflected by the distinguished intellectuals who navigate the terrain of their respective disciplines with profound erudition. This book represents a collaborative effort of immeasurable value. This exemplary edition is both timeous, and will prove timeless.

Have You Seen Zandile? is a wonderful South African resource, still as fresh and absorbing as when it was first written. Perfectly scripted, and with Goina Mhlophe's sure instinct for stagecraft, it recounts the very personal story of Zandile, who is snatched away from her grandmother's loving care and taken to live with her matriarchal family in rural Transkei. Moving, funny and convincing, full of Zandile's shrewd, youthful insights, the play offers an illuminating window into the 1960s world that it depicts, with its issues of white dominance, rural hardship and black female repression. Have You Seen Zandile? is already an established favorite in performance circles, and is fast becoming a South African classic.
