This innovative book presents case studies --called investigations-- that combine ready-to-implement middle and high school lessons with complementary guidelines to demonstrate how the principles of Contextual Teaching and Learning (CTL) can be used to meet NCSS social studies curriculum standards. This combination of CTL principles and NCSS standards creates a book that shows teachers-in-

KEY TOPICS: Intended to develop the attributes necessary for informed citizenship, each investigation provides a sequence of lessons using the teaching/learning styles that research has shown to be most effective with these age groups.
