"While starship captains have been exploring the final frontiers of the Star Trek universe, this book takes you for the first time to the edge of our real galaxy and beyond. Stunningly illustrated with hundreds of full-color, futuristic star charts, illustrations and astronomical photos, explore the real-life deep space destinations as seen on television and film screens. A Over its 50-year history, Star Trek has treated generations of viewers to a dazzling assortment of unforgettable images of the cosmos. Multiple star systems, alien worlds, supernova explosions, emission nebulae, and, of course, voracious black holes, just to name a few. a Star Trek- The Official Guide to Our Universeintroduces you to the astronomy of Star Trek and takes you on a voyage of discovery, examining the true astronomical counterparts that can be found in the night sky. From Altair to Vega and from red giants to white dwarfs, readers can visit over 50 real celestial objects visible in the night sky, as known to the Starfleet Academy. a No warp driven starship or even a telescope required to go on these voyages, as most destinations are bright enough to be seen just with the naked eye. This guide is for anyone ready to launch their own mission into space-the final frontier. Your personal voyage to explore strange new worlds begins here."

In the future, a heroic captain and his crew explore the Galaxy in a really fast spacecraft. The crew's standing orders are: "...to explore strange new worlds, to seek out new life and new civilizations, to boldly go where no man has gone before."" Simple, straightforward -- that's Star Trek.® So what's all the fuss? Why do news crews always seem to find someone, somewhere dressed up in a Star Trek costume? What could be so interesting to so many people? Star Trek 101 is the answer. You'll learn just a little about the heroes (Captain Kirk believes that man wasn't meant to live in paradise), the villains (Klingons have a thirst for conquest), and the important aliens (Vulcans live their lives by logic). In the handy recaps for all things Star Trek, you'll discover that the television shows and movies run the gamut from action-adventure to comedy. Just want to sample? The ten essential episodes are offered for your consideration. Star Trek 101 is a quick primer of the television shows and movies that carry the Star Trek name.

For over 40 years Star Trek has made a phenomenal cultural impact. Now more popular than ever - J.J. Abrams' reinvented Star Trek movie was one of the box office hits of 2009, grossing \$385 million worldwide - the 'franchise' continues to have cultural, social and political resonance around the world. Star Trek has changed not just the way we look at space but also our own world. It gave the culture a lexicon of catchphrases, from "Beam me up, Scotty" to Dr McCoy's many complaints beginning "I'm a doctor, not a [...]!" Much of the 'future' technology depicted on Star Trek has come to feature in everyday life, from the communicator-like mobile phone to computer touch screens now taken for granted. Many of the world's most prominent scientists were inspired to pursue their careers (as were many writers and artists) due to an early exposure to Star Trek. In A Brief Guide to Star Trek, expert Brian J Robb charts the rise and rise of the show and explores its impact our culture.

The first and only guide to the beloved and star-studded Star Trek: The Animated Series, the in-canon (mostly) continuation of the iconic Star Trek: Original Series. Star Trek: The Animated Series (TAS) was a critical success, airing 22 episodes over two seasons and earning the franchise its first Emmy Award in 1975. The show featured the voices of almost the entire original cast, including William Shatner and Leonard Nimoy, along with the original series writers Dorothy Fontana ("Journey to Babel"), David Gerrold ("The Trouble with Tribbles"), acclaimed science-fiction author Larry Niven, and many more. Star Trek: The Official Guide to The Animated Series reveals the efforts it took to translate Star Trek: The Original Series into animated form, with a Databank illustrating how the animated series ties into other Star Trek shows. This book provides fans with behind-the-scenes production documents, never-before-seen art, and all-new interviews with the people who produced the Enterprise's new animated adventures.

When the beloved and now iconic original Star Trek show was cancelled in 1969, and went into syndication, nobody was expecting how much fan support was out there for the Enterprise and its crew. As it became clear to CBS that there was a great appetite for further adventures, they debuted a Saturday morning cartoon that continued that epic five-year mission, with a number of episodes penned by science fiction notables. The Star Trek Animated Show was produced by Gene Roddenberry and featured the voices of virtually every named star, including William Shatner Leonard Nimoy, George Takei, Nichelle Nichols, and the rest of the crew in 22 animated episodes that are considered canon by Trekkies the world around. This book is the first to document the animated series, each episode lovingly and authoritatively described by authors who had astonishing access to behind-the-scenes tales, original scripts, and the talent who made it all happen. CONTENTS Beyond the Farthest Star Yesteryear One of Our Planets is Missing The Lorelei Signal More Tribbles, More Troubles The Survivor Behind the Scenes: Returning Cast The Infinite Vulcan The Magicks of Megas-Tu Once Upon a Planet Mudd's Passion The Terratin Incident Behind the Scenes: Music The Time Trap The Ambergri Element The Slaver Weapon The Eye of the Beholder The Jihad Behind the Scenes: Animation The Pirates of Orion The Practical Joker Albatross How Sharper Than a Serpent's Tooth The Counter Clock Incident Series Legacy

In unabashed celebration of Captain James T. Kirk's singular fighting skills, Star Trek: Kirk Fu Manual is every Starfleet cadet's must-have training guide for surviving the final frontier. As captain of the legendary U.S.S. Enterprise, James T. Kirk engaged in his share of fisticuffs, besting opponents with a slick combination of moves and guile that remains unmatched. Is there anyone you'd rather have watching your back as you take on Klingons, alien gladiators, genetically engineered supermen, and even the occasional giant walking reptile? Kirk Fu is a series of unarmed combat techniques developed by one of Starfleet's most celebrated starship captains over several years of encounters with alien species on any number of strange new worlds. A blend of various fighting styles, Kirk Fu incorporates elements of several Earth-based martial arts forms as well as cruder methods employed in bars and back alleys on planets throughout the galaxy. It is as unorthodox in practice as it is unbelievable to behold. Including excerpts from Kirk's own notes and personal logs, the Star Trek: Kirk Fu Manual is the perfect training guide for surviving the depths of space. With proper training and practice, every Starfleet cadet can become one with Kirk Fu.

Includes an exclusive excerpt from Sleeping BeautiesÑthe new novel by Stephen King and Owen King! There are few writers today who have influenced popular culture more than Stephen King, from his iconic novels and stories to the movies that have been inspired by them, including Carrie, The Shining, Misery, Stand By Me, It, Cujo, The Green Mile, The Shawshank Redemption, and so many more. Now, in this all-new special edition from Entertainment Weekly, The Ultimate Guide to Stephen King, you'll be able to delve into the world of the master storyteller: Go behind the scenes to find out exactly how King's stories travel from page to screen. We list his greatest and scariest hits, and his 25 scariest moments from his movies, and we examine his many compelling heroines, and why so many of his novels feature Õnasty women.ó Additionally, we list all of the works the godfather of horror has written, as well as the notable movies and television shows derived from his short fiction. Lavishly illustrated with art by Robert Sammelin, and filled with photos from his life, his movies, and his book covers, The Ultimate Guide to Stephen King is a must-have for every fan of this beloved writer.

A floor plan of the U.S.S. Enterprise encompasses a chronology of the events in the recent Star Trek movies and looks at the new "Enterprise" built to replace the destroyed old ship

Covers the original series, the first 150 episodes of "The Next Generation", the first 20 episodes of "Deep Space Nine", and the first 6 movies.
